|-------------------|---|
| Missionary | Dr. Nina Kunkle |
| Field | Bolivia |
| Birthplace | Santa Cruz, Bolivia |
| Education | Pre-med: Indiana University; Medical school: Indiana University Medical School; Residency: Methodist Hospital in Indianapolis |
| Experience | Rural medical clinics, church ministry |
| Testimony | <p>I was born in Santa Cruz, Bolivia, to WGM missionary parents, John and Mabel Kunkle. I grew up in Bolivia until 1964 when my parents returned to the United States. My father served as a missionary evangelist for WGM and later was elected as General Superintendent for the Evangelical Methodist Church.</p> <p>I returned to Bolivia as a missionary physician in 1983 to work in outpatient clinics in rural areas. My ministry has always included involvement in the local church and district. In 2000, with Pastor Eliseo Orihuela and his wife, Doli, I had the privilege of helping to plant a new church in the village of Santa Maria. I continue to minister in this church together with Pastor Eliseo and Doli and to provide medical care for the people in the village. The Lord willing, I hope to return to Bolivia to continue my ministry In February 2013 when my support is in hand.</p> |

MATTHEW 28:19-20
