Testimony	God doesn't always speak to us in flashes of light or booms of thunder. Sometimes we have to wait for the noise to subside so that we can hear His voice in a soft whisper. Such is the case in our calling. God spoke to Nathan as he sat across the table from a trusted brother in Christ. As that man shared about the needs of the church in Uganda, God whispered, "This is your work; go." Over the next weeks and months, Nathan and Jade received further confirmation of this calling through the internal work of the Holy Spirit in their lives. Now, they are preparing to leave their home and serve the church in Uganda. What a gracious and loving God we serve that He should use us for the work of His kingdom!
