

Nurse/Nurse Practitioner

Opportunities

An RN or a pediatric or family nurse practitioner is needed to serve with the Least of These ministry team in Nairobi, Kenya. This person needs to have pediatric experience, be able to act independently, and have a heart for orphans and vulnerable children. This nurse would lead the healthcare for children who are cared for by the Least of These ministry.

Location

Nairobi, Kenya

Length of Service

- **Short-term: four weeks to one year**
- **Long-term: two or more years**

Ministry Description

The Least of These ministry is a part of World Gospel Mission in Kenya. We are helping over 500 orphans and vulnerable children by providing wholistic healthcare; doing preventative and curative care; and on the rare occasion, providing palliative care. We promote health by providing rich nutrition sources in peanut butter, fortified porridge, and other supplements. We also work to help the children learn God's Word and show them His love by our care of them.

Who are vulnerable children? They may be orphans, abused or abandoned infants or children, children with special needs such as autism or cerebral palsy, or very poor children. These are some of the most marginalized in our world and need help.

Causes

- Medical
- Children and Youth

Quick Facts

- Nairobi, Kenya, is home to roughly 4 million people, and close to half live in the slums or in slum-like conditions.
- Kenya is home to an estimated 2.6 million orphans and vulnerable children.
- Least of These works with children's homes, special needs schools, HIV/AIDS clinics, children's centers, and abandoned baby centers in nine different areas of the city.
