

Network Program Producer/ Announcer

Opportunities

A couple or a single person is needed to serve as program producer/announcer at the Radio Lumière Network in Port-au-Prince, Haiti. Responsibilities will include producing, writing, and announcing English programming and newscasts; planning and producing English spots, announcements, and religious/cultural programs; training national staff members in communications and program production; and conducting research and follow-up on the ministry of Radio Lumière. The program producer will also oversee the operation and management of various network stations.

Qualifications

Applicants must have a degree in communications, speech, or a related field, and preferably at least one year of formal Bible training. They must also have a minimum of two years' experience as a radio or TV station announcer, programmer, or program administrator.

Language Requirement

The producer will need to learn Haitian Creole, and a background in French is helpful.

Location

Port-au-Prince, Haiti

Length of Service

- **Long term: two or more years**

Ministry Description

Radio Lumière (French for "light") was founded on February 20, 1959, by West Indies Mission (now World Team). As the country's main Protestant radio station, Radio Lumière is known as the voice of the Protestant church in Haiti and covers much of the country with Christian broadcasting. The Radio Lumière Network has nine stations with the main station, studios, and a television station located in Port-au-Prince.

Cause

- Media

Quick Facts

- The station airs from 4:00 a.m. to 1:00 a.m. seven days a week. At any one time, Radio Lumière's audience varies from several thousand to more than one million listeners.
- The programming is Christian and family oriented with a strong emphasis on evangelism and Christian training. The network also provides educational broadcasting, Christian music and entertainment, a complete news service, and a personal announcement program in which Haitians use the station to send messages to family and friends in rural areas who do not have telephones.
- The radio is a powerful tool for evangelism, often reaching into homes the church cannot reach. For instance, it is not unusual for a witch doctor to be converted as a result of the radio's ministry. Radio Lumière also plays an important role in encouraging, training, and discipling Christians as the church in Haiti is growing very rapidly and there are not enough trained pastors to disciple each new convert.
