## Biography

Isaiah 45:2 (NKJV) says, "I will go before you and make the crooked places straight." We have certainly seen many crooked places in our path, as our missionary journey has taken many different turns. First, the Lord led us to Africa, where we began to learn what it means to be a missionary and to serve. During this time, He was also preparing us for a new and different work. He began to speak to us about serving a population that had very few missionaries going to them. After only a short time in Africa, we found ourselves back in the United States, beginning a new ministry to immigrants and refugees.

The Lord has given us a heart for those who have been displaced and find themselves facing the adjustments of a new culture. Many of these people come from countries that are closed to Christian missionaries. We are excited about the opportunity to come alongside them and to be the hands and feet of Jesus in a very real and practical way.

The focus of our ministry is relationship building. Simply put, we have committed to living life with the people the Lord has brought into our lives. Teaching English is a large part of our ministry, both in the formal classroom and one-on-one in our home. Michael is a mechanic and uses this talent to help with car repairs. Brenda works with women and children, helping with conversational English, homework, paperwork, etc. Through this, it is our hope and prayer that Jesus will shine through and make Himself known to the people we serve.
