Biography

In the West, people have almost infinite access to quality Bible instruction—books, blogs, podcasts, music, streaming sermons—delivered by experts with years of study at some of the best academic institutions in the world. Hundreds of Bible translations are available and millions of reference resources. We ourselves have personally benefitted from this privilege, as these resources have helped us grow closer to Jesus Christ.

But in [Papua New Guinea](#), very little training and resources are available to equip and empower pastors to lead their churches. Weak teaching, false gospels, and mixture of Christianity with animistic beliefs and practices are extremely common. Christian Union Bible College exists to meet the needs of PNG national pastors to effectively communicate the gospel and lead their churches to transform their communities for the glory of God. Scott will be teaching and mentoring national pastors at Christian Union Bible College, and Noel will be helping to establish a primary school to serve the children of the Bible College students. We are excited to take the tools and understanding that we have been given to build up the church in PNG where quality teaching and instruction are so desperately needed.
