

Luz Maldonado

ID: 06132 Country: [Papua New Guinea](#) Region: Oceania

Biography

I sense God's calling to help make His Word accessible to all people in a language that speaks to their heart. My goal is to translate the Bible into the mother tongue of the receiving community. I will also be working with indigenous churches in Papua New Guinea to disciple believers in their heart language, train local leaders, and see positive community transformation that touches the hearts and minds of those who read the Bible.
