Biography

I was blessed to receive a call to missions as a young adult. What a privilege it has been to serve with WGM since 1984 and use my gifts to share His love!

He continues to give me new opportunities and challenges. Serving as field treasurer for [Bolivia](#) and [Peru](#) is a responsibility I enjoy. It is also a blessing to be able to encourage women through Bible study, prayer, and fellowship.

Most recently, God has challenged me to become involved in community outreach, seeking to serve others in Jesus' name. I have had the opportunity to join other missionaries and national Christians in providing food, clothing, and hygiene supplies for flood victims and individuals living in a rehabilitation center. It has been a joy to visit the elderly and disheartened and to help meet real physical needs in Christ's name.

May God open my eyes to even more opportunities to be His hands and feet!
