Biography

While Nathanael was single and attending Indiana Wesleyan University, he made contact with WGM because he felt God calling him to do soccer ministry. Not foreseeing he would find the most amazing and perfect girl, he continued to pursue WGM while also keeping in mind this incredible girl. When he realized she too loved soccer, wanted to work in cross-cultural ministry outside the U.S., and had incredible compassion, he couldn't let her go.

Less than a year after graduation, we got married. As we pursued missions, God took us on a crazy ride as we were led to Spain to do soccer ministry. God has now led us to serve at [Taylor Christian School](#) and [Taylor Community Center](#) in McAllen, Texas, on the [Texas/Mexico border](#). We are involved in a soccer outreach and develop other sports and recreation programs for the community.
