

Frank and Christine Dewey

ID: 03280 Country: [India](#), [Ukraine](#)

Biography

Frank served as a teacher, as well as field director, field treasurer, principal, and academic dean. Chris was librarian for many years and also taught classes in Christian education, psychology, history, and (her personal favorite) biblical archaeology. Frank and Chris helped SIBS transition to independence from WGM, and the school is now completely nationalized.

In 2007, they made a transition of their own by transferring to the Ukraine Field. They hosted young adult fellowships in their home and helped in the orphanage ministry. Frank also served as field treasurer and held Bible studies. They retired in 2012.
