Biography

I was blessed to receive a call to missions as a young adult. What a privilege it was to serve with WGM and use my gifts to share His love!

Serving as field treasurer for [Bolivia](#) and [Peru](#) was a responsibility I enjoyed. It was also a blessing to be able to encourage women through Bible study, prayer, and fellowship.

God also challenged me to become involved in community outreach, seeking to serve others in Jesus' name. I had the opportunity to join other missionaries and national Christians in providing food, clothing, and hygiene supplies for flood victims and individuals living in a rehabilitation center. It was a joy to visit the elderly and disheartened and to help meet real physical needs in Christ's name.

May God continue to open my eyes to new opportunities to be His hands and feet!
