

Darrel Laman

Biography

Darrel Laman's story with WGM started with his wife, Carol, before they even met. She felt God's call to be a missionary and wrote to WGM at her pastor's suggestion. Unfortunately, WGM misplaced her contact letter and didn't respond to her until two years later, just after she and Darrel were married. The following year in 1978, they attended the International Celebration of Missions and learned of a need for an accountant to serve in Kenya. Darrel and Carol applied and were appointed as missionaries there in 1979.

Two years later, after a year at Circleville Bible College and a year working in the Accounting Department at WGM headquarters, they arrived in Kenya for their first term of service. While in Kenya, Darrel served with great distinction as the field treasurer. In 2003, after 22 years in Nakuru, they returned permanently to the U.S., and Darrel joined the Financial Services Department at headquarters.

Darrel's combined missionary experience, along with his time at headquarters, made him an invaluable member of the Financial Services team because of his unique understanding of both the field and the office.
