Biography

Jonathan: I trained in non-profit management and philanthropic studies and currently serve as the Friends of Tenwek Ambassador.

Anna: I am trained in plant pathology and am helping with agriculture in the Tenwek area.

We originally signed on with WGM to serve for 15 months; but last spring, the door opened for us to extend our time for another year. We are grateful to be able to continue serving at Tenwek and are looking to God for guidance in our next steps.
