Biography

My name is Janie Leland, and I'm originally from Tarboro, North Carolina. I graduated from The University of Texas in 2017 and have lived in Austin, Texas for almost six years. I'm excited to serve for one year as the Friends of Tenwek Ambassador at Tenwek Hospital in Bomet, Kenya, beginning in June 2019. My family lived and served at Tenwek Hospital in 2002, so I'm especially thrilled to return to a place that was formative in my childhood.

God has instilled in me the love of travel, adventure, meeting new people, and a particular excitement for the nations of the world, especially Kenya. I'm so thankful for my parents, who cultivated these things in my heart, and I'm excited to see how God uses this year for my good and His glory. Thank you for being part of my journey to Kenya!
